

FIG. 1

Diagram illustrating a medical device, likely a catheter or probe, with various components labeled with numbers:

- 10: Top handle or control knob.
- 26: Upper section of the main shaft.
- 28: A component at the very top, possibly a connector or sensor.
- 30: Middle section of the main shaft.
- 32: A component below the middle section.
- 34: A component below the middle section.
- 36: A curved tube or catheter.
- 38: A component at the end of the curved tube.
- 40: A component on the side of the main shaft.
- 42: A component on the side of the main shaft.
- 44: A component at the end of the curved tube.
- 46: A component on the side of the main shaft.
- 48: A component on the side of the main shaft.
- 50: A component at the end of the main shaft.
- 52: A component on the side of the main shaft.
- 53: A component on the side of the main shaft.
- 54: A component on the side of the main shaft.
